

Changes to New Zealand's silver-coloured coins

Existing 'silver' coins

New coins

Ten cent colour simulated.

Proposed actions

December 2005

Production coins available for testing.

June 2006

Sample coins available to retailers and public.

July 2006

New coins issued into general circulation.

October 2006

Existing coins no longer legal tender (but redeemable at the RBNZ and agents).

The existing \$1 and \$2 coins will not change.
