1.3. ALTERATION OF ANNOUNCEMENT

The Bank reserves the right to extend, postpone or cancel an auction at any time. If an auction is postponed or cancelled, any offers lodged will be disregarded.

2. PARTICIPATION RULES

2.1. ELECTRONIC OFFERS

All offers must be submitted using the Yieldbroker DEBTS Auction System unless a telephone offer is deemed acceptable by the Bank. Offers must be final prior to the auction close time in the Yieldbroker DEBTS Auction System as has been stated in the auction composition announcement for that auction.

Offers cannot be amended or withdrawn after the auction close time in the Yieldbroker DEBTS Auction System. It is the responsibility of each eligible counterparty to ensure that offers are submitted correctly, and prior to auction closure.

2.2. TELEPHONE OFFERS

The Bank may, at its discretion, take telephone offers before auction closure where the Bank has reasonable grounds for believing a technical fault or circumstances beyond an eligible counterparty's control are preventing electronic offers from being placed.

If a counterparty is unable to place offers via the Yieldbroker DEBTS Auction System, an authorised person may contact the Bank on (04) 472 0074 / (04) 472 0075 (or a dedicated line where applicable) to place offers.

The counterparty will be required to provide:

- the dealer's name;
- the institution it is placing an offer (or offers) on behalf of; and
- the offer for each security with all details prescribed in section 2.3.

All offers must be read back and confirmed for validation. Failure to affirm offers will result in the offer being rendered void and disregarded.

Once a telephone offer has been placed and confirmed it may not be cancelled or withdrawn.

2.3. OFFER ETIQUETTE

Offer price	Quoted in yield to 3 decimal places
Minimum offer size	\$1,000,000 nominal
Offer multiples	\$1,000,000 nominal

Participants may place multiple offers at an auction

2.4. SETTLEMENTS

Confirmations will be sent to successful counterparties. Physical settlement is by delivery versus payment through NZClear.

2.5. CONSIDERATION

Consideration will be calculated using the price and yield formulae stated in Appendices and Application Forms on the Reserve Bank's website (<https://www.rbnz.govt.nz/-/media/ReserveBank/Files/Markets-and-payments/Domestic-markets/3287159.pdf?revision=2a3253f4-9bb2-4bba-a54b-074927340596>)

3. ACCEPTION/REJECTION OF BIDS

The Bank reserves the right to reject any offer, or part thereof, for any reason.

4. RESULTS AND ALLOCATIONS

For the purchase of all Government securities, allocations for each auction will be made in descending order of yields offered.

Successful counterparties will be awarded allocations that are whole multiples of \$1,000,000 with the minimum amount being \$1,000,000. At the lowest yield accepted, security repurchases will, if necessary, be allocated as far as practicable on a pro-rata basis in relation to the principal amount available at that yield.

The Bank may purchase less than the maximum amount indicated either in aggregate or for any specific bond, at any auction.

Results will be announced as soon as possible after the close of the offer window via Yieldbroker, Refinitiv (RBNZ03) and Bloomberg wire services (GPGX 1549 3 1), and the RBNZ website (<https://www.rbnz.govt.nz/markets-and-payments/domestic-markets/domestic-markets-media-releases>).

5. REGISTRATION OF PARTICIPANTS

Participation in the auction (via either electronic or telephone platforms) is limited to counterparties authorised by the Bank.

Counterparties already eligible to participate in the Bank's Open Market Operations need not reapply in order to participate in LSAP auctions. That said, the counterparty must also be an active user of the Yieldbroker DEBTS Auction System.

A list of current authorised LSAP participants can be found on the [Reserve Bank website](#). Application for registration can be made but needs to occur at least 10 days prior to the intended participation date.

Application details can be found on the [Reserve Bank website](#).
